

Machine Operators

SHIFTS AVAILABLE:

3:00pm-11:00pm 5% Shift Differential

11:00pm-7:00am 10% Shift Differential

We are looking for highly motivated, skilled Machine Operators to learn the unique skill of foam making! A great machine operator is reliable, enthusiastic, and able to work with attention to detail and safety standards. On-the-job training is a good way to discover how to do the job better, so you should have willingness to learn and improve. Being a team player is essential since all tasks will require close collaboration with co-workers. The goal will be to ensure that production procedures will be carried on smoothly to maximize efficiency and profits.

NOTE: There are times where you may be asked to work 12 hours shift with an increase of production.

Responsibilities

- Set up machines (calibration, cleaning etc.) to start a production cycle
- Control and adjust machine settings (e.g. speed)
- Feed raw material or parts to semi-automated machines
- Inspect parts with precision and measuring tools
- Test operation of machines periodically
- Fix issues that might occur during the shift
- Check output to spot any machine-related mistakes or flaws
- Keep records of approved and defective units or final products

Skills

- Proven experience as a machine operator
- Working knowledge of diverse high-speed machinery and measurement tools (caliper, micrometer etc.)
- Understanding of production procedures
- Adherence to health and safety regulations (e.g. constant use of protective gear)
- Ability to read blueprints, schematics and manuals
- Analytical skills
- Attention to detail
- Teamwork and communication skills
- Physical stamina and strength
- High school diploma or equivalent; technical degree is a plus
